

Password Change / Password Reset

If you forget your password, or need to change your password after you are registered, this is how:

Go to lioninn.co.uk/login. You should see this:

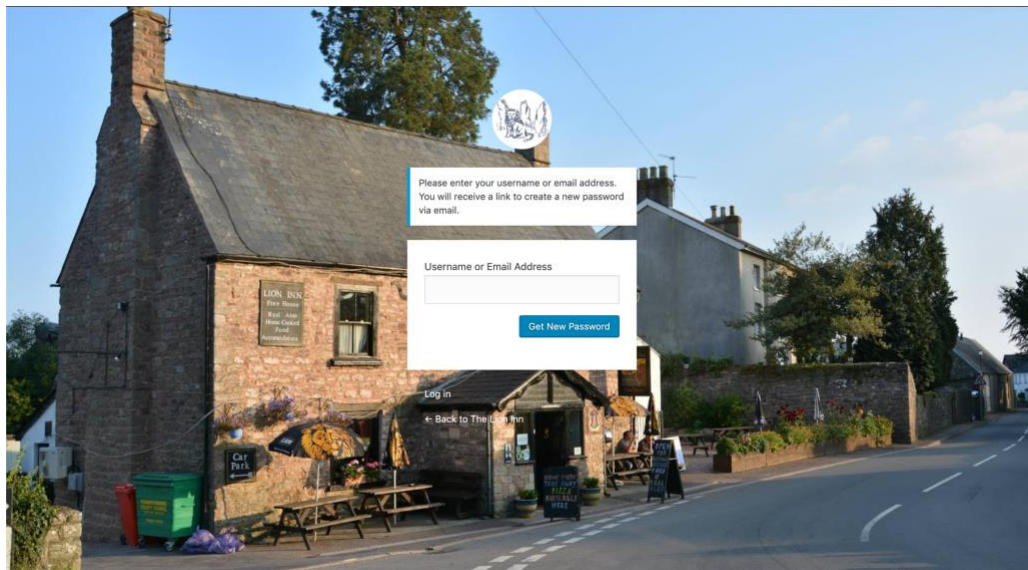

In small writing under the white box, it says 'Lost your password?':

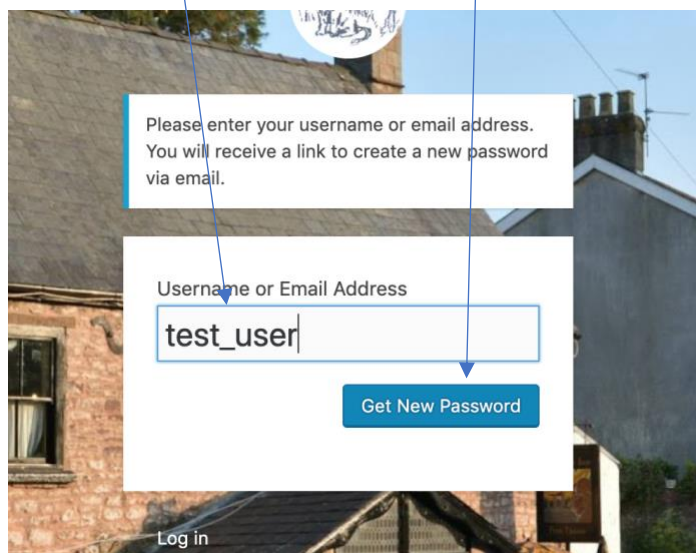

Click this.

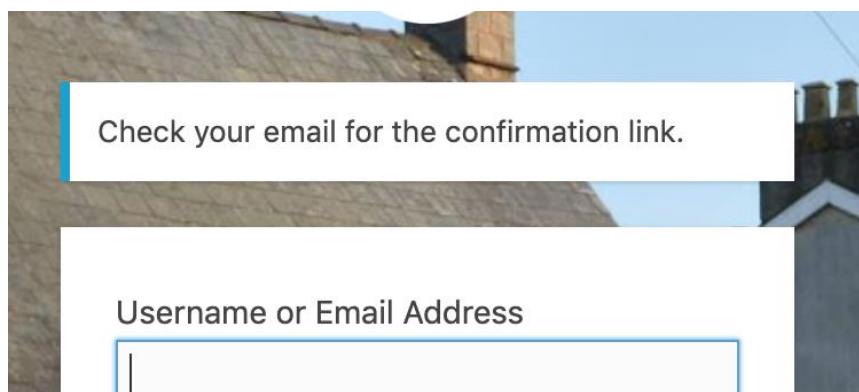

You should see this:

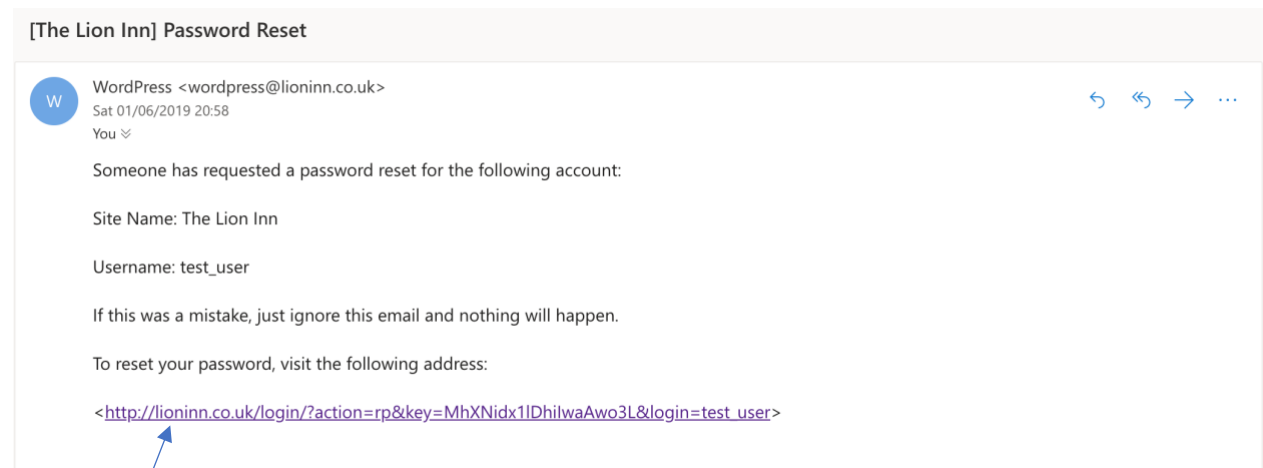

Enter your username and click 'Get New Password':

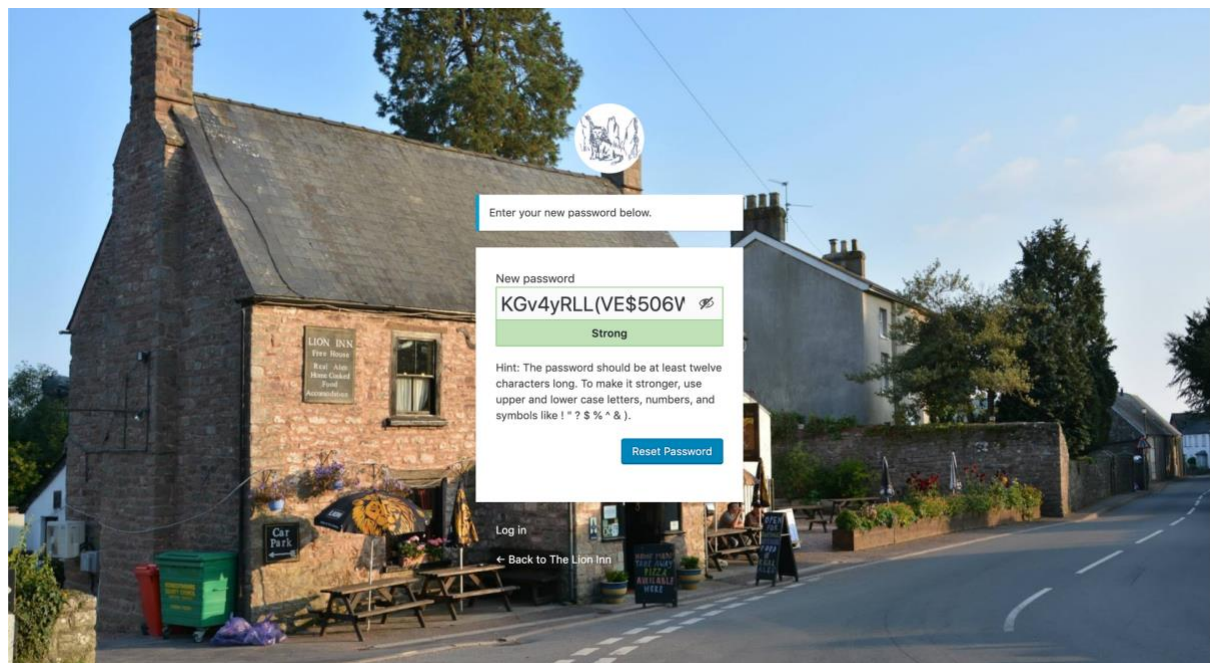

This will send an email to the email address that was used to setup the account. This email will have a link to reset your password. Once you click the 'Get New Password' button, you will return to the login screen with a message saying 'Check your email for the confirmation link':

The email will look something like this:

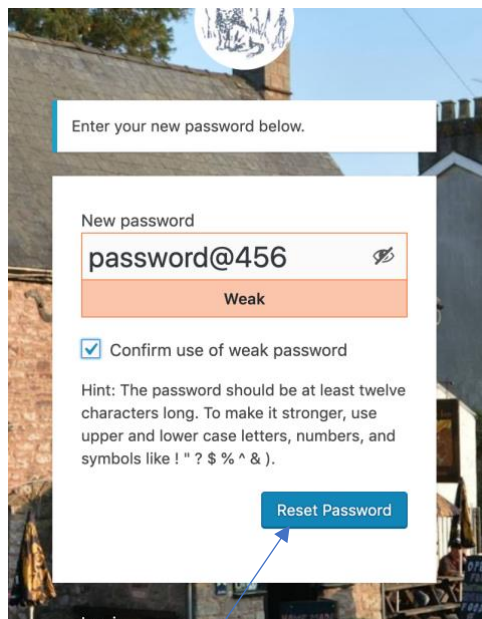

Click the link. This will take you here:

Having a 'strong' password like that won't be easy to remember, so delete it and enter your own password.

For the sake of this example, I will set it to 'password@456':

Enter your new password below.

New password

password@456

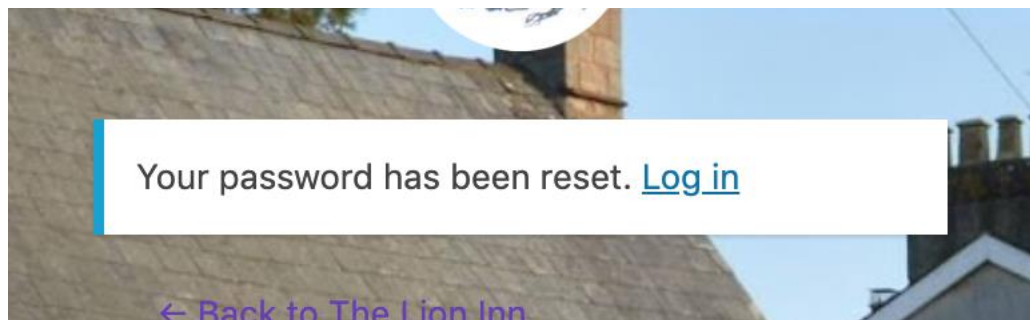

Weak

☒ Confirm use of weak password

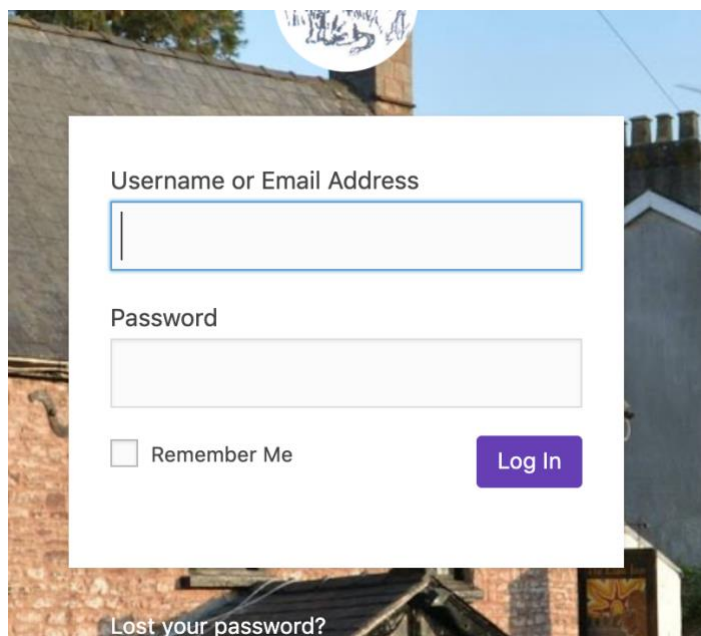

Hint: The password should be at least twelve characters long. To make it stronger, use upper and lower case letters, numbers, and symbols like ! " ? \$ % ^ &).

Reset Password

Click 'Reset Password'. You'll see this message:

Click 'Log in' to return to the login page and enter your username and new password:

Username or Email Address

Password

☐ Remember Me
